P. Chesbro, Samuel Chesbro, Frank P.
Featon and Louis J. Kegwin made a
trip to the camp by automobile, taking
with them in a strong box 3450 which
has been raised in this city for the
comfort of the boys in camp. Mayor
Daniel P. Dunn and Michael Dennehey went to Niantic in the afternoon,
to bid the boys farewell in the name
of the city. There were many other
automobile parties from this city to
the camp.

automobile parties from this city to the camp.

William B. Mointosh, son of Alderman and Mrs. William Mointosh of this city is a member of Troop B. Flith Connecticut Militia in camp at Niantic. He enlisted when the call cams at the time he was working in an insurance office in Hartford. Harry McLaughlin, formerly physical instructor at the local X. M. C. A. is a member of the same troop.

Four more Williamntic men went to the camp at Niantic Monday for the purpose of going with Campany L to the front. They were Albin Swanson, William McKernan, Harry Morrson and Joseph Lafleur.

The Williamntic boys seem to be in good health and enjoying camp life.

"A few pimples made their appearance on my face, and thinking that they would soon disappear I did nothing to remedy them, but after a couple of weeks I then found that they were rapidly increasing. They were large, red and hard and they itched and burned so that soon large red spots appeared jeaused by my rubbing. At night if I would rub my face it would lich terribly so that I could not aleep.

"I chanced upon a Outloura Soap and Ointment advertisement and sont for a free sample, and then bought more and my face was completely healed." (Signed) Miss Edith C. Schuman, 17 Deciford St., Hartford, Conn., Supt. 20, 1916.

Bigger than anything heretofore operated on the road. Five of the machines are for the New York division and three-for the Central New England from 180 to 182.

The new engines are 72 feet, 4-34 inches over all. The engines weigh 500,000. This is \$5,000 pounds more than the \$,000 type now in service.

Still another lot of engines is being built for the road. They will be of the Pacific type and consequently smaller. They are to be numbered from 1250 to 1390. They weigh, engine and tander 410,500 pounds.

NOT MUCH FUN TO IT

DO YOU enjoy carrying a pail of coal? Is there any fun in sifting the ashes? Can anyone get any enjoyment out of cooking a meal in a roasting hot kitchen?

In the smothering heat of the Summer is there any pleasure in constantly living in coal dust, coal smoke, and rub, rub and scour from morning till night?

Does anyone really love hard work as well as that? Don't we all like to take life easy and make it as comfortable as possible?

There is only one way to do that—banish the coal stove and all the drudgery and hard work goes with it. Then bring in the GAS RANGE and with it some comfort and economy, for not only is gas more convenient than coal but it costs less to operate.
